Capital Planning System

Capital Planning System Comments	Respondent Company
for Facilities we currently use 4tell and will move to Tririga. This is for Facilities only, and not the enterprise system.	pseg
Parsons Engineering---eCOMET	
Third party application that performs the same as Copperleaf but not commercial.	
VFA.facility capital planning software solution	dteenergy

Facility Capital Items

Facility Capital Items Comments	Respondent Company
Capital funding is based on a review of a 5 year capital investment plan which is derived from both an overall facility assessment and business needs.	ameren
Governance committee	
Justification or EOL	
Obtain through determination that there is a property record unit be recorded and replaced. Arbitrary funds availability decision from capital funds.	pseg
Request allocation based on FCI and Customer emergent needs.	
VFA -FCI and Prioritization Modeling	cis
